Meet Your Clartici Beauty Tracker

Thank you for purchasing your Clartici Beauty Tracker. To redeem your exclusive gift, please register your product at www.clartici.com.

The Start of Clartici Skincare Philosophy

vu par clartici

Using Your Clartici Beauty Tracker

1. Start with a dry, clean face

Use a clean towel to pat your skin dry after cleansing and wait 5 minutes for your skin to regain balance.

2. Download and install the Clartici App

Create your Clartici account to track skincare progress.

3. Turn on your Clartici Beauty Tracker

Your tracker turns on when you open the cap.

4. Pair your tracker with the App

Make sure you have a blinking blue light on your tracker. Once paired, the blinking blue light will change to a solid blue.

5. Create your daily skincare routine

Follow the on-screen instructions to find out how to use your skincare products.

Meaning of LED Light Patterns on Your Clartici Beauty Tracker

Blinking Blue

Your device is ON and ready for connecting. (The device will automatically turn off if it's not connected to your mobile device for more than 45 seconds after turning on the power.)

Solid Blue

Your device is now connected to your mobile phone and ready for use.

Blinking Red

The battery level is running low (less than 20%). Please charge your device now. (The light will turn off after 20 seconds.)

Solid Red

Your device is charging. (The light will turn off when charging is complete.)

Blinking Blue/Red

Your device has been reset successfully.

No Light

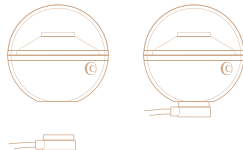

Your device is OFF.

Charging Your Clartici Beauty Tracker

The battery may not be fully charged at first. It's a good idea to fully charge your tracker before the first use. Do not use your tracker while it's charging.

Plug the charging cable into the charging port on the bottom of your tracker. As you get close to the port, you will feel a magnet, which helps draw and guide the charging cable plug in.

Then connect the other end to the charging unit, and the charging unit to a power outlet.

Taking Care of Your Clartici Beauty Tracker

Always check that the sensor is clean and dust-free. By taking a few precautions for use and maintenance, you will be able to keep your beauty tracker in perfect condition for a long time.

- Use a small amount of rubbing alcohol on a soft cloth, gently rub the sensor surface several times. Then carefully dry the sensor with a dry, clean, non-abrasive cloth.
- To avoid scratches, keep the protective cap on to seal your tracker after usage.

Warranty

The warranty is limited to 12 months under normal usage in accordance with the documentation. For more detailed information, please visit www.clartici.com.

Specifications

Dimension	7.6cm x 7.28cm x 2.2cm
Weight	45g
Display	Two-colors of LED red & blue
Sensing element	Light sensor, Moisture sensor
Connection	Bluetooth connection with smart mobile devices equipped with ios 8+ or android 5.1
Battery type	Lithium-ion polymer battery
Rated voltage	3.7v
Rated capacity	270mAh
Level of waterproof	Protected against little splashes of water. DO NOT immerse your Clartici Beauty Tracker in water.
Material	Outer casing PC, ABS, printed circuit board

Precautions

DO NOT attempt to disassemble your Clartici Beauty Tracker or force to open the battery. DO NOT use your device while it's charging.

Regulatory Compliance

USA: Federal Communications Commission (FCC) statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

CAUTION: Changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

FCC ID: 2AINP-CC018

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Other Information

CAUTION: Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.
